unique learning
experience!**

Joan will introduce building
a movement vocabulary,
crafting and presenting
movement to showcase the
oneness of team and the
training of the dog.

Joan Tennille is Past President and Co-founder of the Canine Freestyle Federation. Her choreography for the "original four" and her definition of Canine Freestyle in 1993 began CanineFreestyle DogWork®, a new discipline in the sport of dogs. Joan has continued to promote the sport and the Federation through choreography, seminars and classes in the US, Canada, England, and Bermuda. She has trained dogs and instructed others in dogwork since 1983.

The Cavalier King Charles Spaniel is her breed of choice. Joan Tennille was the Chair of Companion/Performance Activities for the American Cavalier King Charles Spaniel Club for 20 years.

Before her involvement with dogs, she was a dancer-choreographer, teaching modern dance, choreography, stage movement and educational dance to children and adults for 17 years. Her choreographic experience includes pure dance works as well as musicals. Joan produced the National College Dance Festival for Kennedy Center, gave a solo performance in the concert hall of Kennedy Center, and ended her dance career as administrative assistant to the Alliance for Arts in Education in Washington D.C.

Presently, Joan is the Federation Director of Education and a member of the Federation Board of Directors.
